PROTESTED by 71 Ranch Company, September 21, 1914.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is a tributary and is for flood and surplus water only. It is also made a condition of this permit that diversion by the applicant shall cease immediately upon notification from the State Engineer that a shortage of water exists in Soldier Creek. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before October 1, 1916.

Proof of commencement of work shall be filed before November 1, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before October 1, 1918.

Application of water to beneficial use shall be made on or before April 1, 1921.

Proof of the application of water to beneficial use must be filed with State Engineer on or before May 1, 1921.

Proof of labor filed NOV -1 1916

Map filed NOV -1 1916

Cancelled DEC 27 1918

because of failure of applicant to comply with provisions of permit.

WITNESS MY HAND AND SEAL this 1st, day of July, 1916.
